Contributing is easy

Contributing funds help lower your taxable income and allow you to build a “Nest Egg” for future healthcare expenses. Contributions to your HSA may be made by you, your employer or anyone; however, the preferred tax treatment will only be realized by you.

Contribution methods

You can contribute money to your account in several convenient ways including;

Funds Transfer

Within the myOCA Portal you can schedule one-time or recurring electronic transfers from other financial institutions. They are fast and easy!

Account Transfer

If you have an existing HSA, you may be eligible to either rollover or transfer the funds to your new HSA. Required forms are available within the myOCA Portal or you may call us toll-free at 855-OCA-0777 for further assistance.

Checks

If you prefer, you can send us a check by mail made payable to Wealthcare Saver FBO (Account holder Name) HSA and simply write your HSA account number in the memo line. All checks should be mailed to **NBT, BIN 88950, Milwaukee, WI 53288-0950** with the appropriate HSA Contribution Form.

Maximizing your contributions

As you decide how much to contribute, it's important to note that contributing the maximum allowable amount helps you to get the most from your HSA. At the very least, you'll want to contribute enough to cover anticipated healthcare expenses. Because your balance rolls over year to year, there is no penalty for contributing more than you're able to use in one year. The tax advantages of an HSA make it a powerful long-term savings vehicle.

The maximum annual contribution can be made even if you become HSA-eligible after your tax year begins, as long as you are covered under a High Deductible Health Plan (HDHP) on the first day of the last month of your tax year (December 1 for most taxpayers) and remain in an HDHP for the following 12 months. See IRS publication 969 for details. Contributions are allowed until April 15 for the previous calendar year. Additionally, if you are 55 or older, you are allowed to make a \$1,000 catch up contribution.

Keep in mind that HSA contribution limits, established by the IRS, may change each year and you must not over contribute to avoid adverse tax consequences.

	2021 Contribution Limit	Catch-up Contribution*
Single	\$3,600	\$1,000
Family	\$7,200	\$1,000

**Participants age 55 or older may make additional contributions above the set HSA maximum. Catch-up contributions can be made any time during the year in which the HSA participant turns 55.*

Catch-up contributions for account holders 55 and older

If you are age 55 or older, you may be able to make a catch-up contribution above the annual limit. Even if you join a qualified HDHP after the start of the year, you can contribute the maximum amount, as long as you have HDHP coverage for the last month of the taxable year and for the following 12 months. Catch-up contributions for the partial year of HDHP coverage must be pro-rated.

Does this sound complicated? Don't worry. There are tools within the myOCA Portal that will help you monitor your contributions and help prevent over contributing. Contact us if you have questions, 855-OCA-0777.

Using your HSA funds

HSA funds can be used to pay for qualified medical expenses, such as:

- Medical
- Dental
- Vision
- Prescription
- Medical Equipment
- Chiropractic

Go to oca125.com and use the **Eligible HSA Expense** tool to see which types of expenses are qualified. You can also go to www.irs.gov and download Publication 502. Generally, qualified medical expenses are those expenses directly related to the alleviation or prevention of physical or mental illness. If you use HSA funds for medical expenses that are not qualified, they will be included in your taxable income. (HSA withdrawals made for non-qualified expenses are subject to ordinary income tax and IRS penalties may be applicable to non-qualified expenses paid for with funds from your HSA. Additionally, state taxes may vary so please consult your tax advisor.)

Pay for qualified expenses

- Use your benefits debit card where accepted, such as the pharmacy or doctor's office.
- Write your benefits debit card number on medical bills to have your HSA funds directed to the expense.
- Use online bill payment to pay for a healthcare expense or to reimburse yourself for an out-of-pocket medical expense.

Keep good records of your expenses

Keep track of your expenses and payments by using the myOCA Portal to see balances, view transactions, create reports and upload receipts. Be sure to keep receipts for all of your medical expenses for at least three years for tax-reporting purposes.

If you use your HSA funds for non-qualified medical expenses, and are under the age of 65, you may incur a 20% penalty and owe income taxes on the amount used. After the age of 65, HSA funds can be used for any expense with no penalty, but you may still owe income taxes on those funds. Use of your HSA funds for qualified medical expenses are always tax-free.

HSA investment options

Are you a spender or saver?

Unlike other healthcare accounts, funds in your HSA do not expire and are not contingent upon your employment. Not only does your balance accrue interest, you have a unique opportunity to grow your money even more by investing in a select list of mutual funds.

'Spender' or short-term investor: Earn interest on savings

Your HSA Deposit Account is similar to an interest-bearing checking or savings account. Savers will enjoy earning a competitive interest rate on all contributions, and the interest accumulates tax-free.

'Saver' or long-term investor: Powerful options

Your HSA Investment Account was designed for account holders who are interested in using their HSA as a long-term savings vehicle. You must maintain a balance in your HSA of \$1,000 and anything in excess of that may be invested in increments of \$1.00. After you access your account online go to the Investment tab and Documents and Forms tab to find out more information about investing or call us toll-free at 855-OCA-0777.

Mutual funds are not bank deposits or obligations, are not guaranteed by any bank, and are not insured or guaranteed by the FDIC. Investment in mutual funds involves risk, including possible loss of principal.

HSA investment account choices

You can view transactions, holdings, and statements online, update your account information or place a trade all from within the myOCA Portal using your existing username and password. After establishing an investment account, you will have the ability to view your HSA balances and manage your portfolio holdings and transactions with ease.

Useful tips and suggestions

Make the most of your HSA

- Contribute as much as you can to your HSA (up to the contribution limit)
- Manage your healthcare expenses wisely
- Invest unused HSA funds and make your money work harder for you
- Take good care of yourself and your family – a healthy lifestyle makes a big difference

Note: Your OCA HSA is generally triple tax-advantaged. You can save tax-free with your HSA. You can fund your HSA with pre-tax or tax-deductible contributions. Balances grow tax-free and withdrawals are also tax-free as long as the money is used for IRS-qualified medical expenses. State taxes vary. Consult your tax advisor to determine how HSAs are treated for state tax purposes for the state in which you file your taxes.

Recordkeeping for tax purposes

You will be responsible for retaining your quarterly statements with your HSA records and all receipts for qualified medical expenses. Online Statements are available for 18 months. Statements are generated at the end of each calendar quarter, so please access your account regularly. Consult your tax advisor to determine how HSAs are treated for state tax purposes for the state in which you file your taxes.

At year end, Wealthcare Saver as the Custodian of your HSA will send you the following:

- 1099 SA – Received by January 31 and shows your annual distributions
- 5498 SA – Received by May 31 and shows your annual contributions
